
Title: Rise of The Visigoth

Author: Manaka Thines GM

One of the two main
divisions of the Goths,
The Visigoth migrated to
S.W. Trammel. Here their
fearless leader Manaka
Thines and the Queen of
the Goths Alexandria
would make their home

and establish the new
homeland of the
Visigoths(to come
years later)...After
Manaka and Alexandria
settled in, they joined
other clans from trammel
and ventured out on

their own. None of
these clans filled their
vast void inside them, for
they missed the days
when the Visigoth were
strong. So the King and
queen went searching far
and wide for a home in

the north of trammel to
act as a northren
outpost..After a year on
the road they found
their house west of
Minoc were the queen will
reside for she will
recruit new members

from the north, maybe
she can find the long
lost division of the
Ostrogoths and have them
join the new rising of
the Visigoths....The GM
Manaka Thines and the
queen Alexandria would

like you and your friends
to join the Riders of the

Visigoth...We are a new
guild that belongs to the
Atlantic role playing
community, Yes we are a
RP guild and members
must participate when

possible. We also go on
hunts and I am more
than willing to share and
recieve knowledge of
anykind.....I will think of
the guild as a new
founded democracy with
each member having a

voice and vote in any
major or minor
decisions. If you would
